

# Measuring Instructions

(For stretch wear only. Cesario measuring information will be issued through Cesario representatives.)

- Keep measuring tape straight against the body – not tight – do not add or take inches away.
- Wear leotard or underwear (not street clothes) when measuring.
- Best for one or two people to do all the measuring.
- Measure according to diagram.
- Always send completed measuring charts with your order. Please indicate and separate male and female on charts.

- If only using sizing charts below and measurements fall between sizes – use largest measurement.
- If ordering a skirt or dress – specify length from chart.
- Garments may be taken in, but in most cases cannot be let out. Adjustments to sleeve, skirt, and pants lengths are not uncommon. **(All alterations are the responsibility of the customer).**
- Sizes over XL or that require special adjustment will incur a \$10.00 charge per garment.

**Pant Lengths (inseam)**  
Jumpsuits and other pants 35" (unfinished)

All garments are custom made per your fabric and color selections. They are placed into the appropriate size according to the measurement information received. **Adjustments for individual custom fit are the customer's responsibility.** In extreme cases we will be happy to evaluate a special sizing issue. However, this could incur an adjustment charge. **Garments may not be returned.**

## Stretch wear only Size Chart — Adult Female
